

Greenstone Gold Mines L.P. is a 50/50 joint venture partnership between Centerra Gold Inc. and Premier Gold Mines Ltd. formed for the purpose of the joint ownership and development of the Greenstone Gold Property including the Hardrock Gold Project located on a historical mine site in the Geraldton-Beardmore Greenstone belt in Ontario. The Hardrock Project is managed directly by a dynamic and experienced Owner's team, with an estimated \$1.2 Billion investment over the four-year engineering, procurement and construction phase, with an estimated 15-year operating life.

PERMITTING COORDINATOR

Reporting to the Director, Environment & Community Affairs, the Permitting Coordinator will work in collaboration with Greenstone Gold Mines staff and expert consultants to compile key permit applications for the construction and operation of the Hardrock Project.

PRIMARY RESPONSIBILITIES INCLUDE

- Coordinate and facilitate information sharing between environmental and engineering disciplines to ensure appropriate level of detail is developed and integrated into key environmental permit applications.
- Assisting, coordinating and managing regulatory applications by working with technical leads to compile complete and defensible applications including supporting documentation in line with the Project schedule.
- Facilitating and lead, in conjunction with the Director and the Environment Superintendent, negotiations, discussions, presentations, and technical and non-technical meetings with agencies and stakeholders.
- Ensuring effective relationships with consultants, agencies and other stakeholders.

SKILLS AND COMPETENCIES

- Strong technical understanding of mineral development concepts and corresponding permit application requirements
- Strong technical understanding of environmental management and monitoring practices in mining
- Ability to communicate technical information to a non-technical audience
- Ability to address complex environmental challenges with practical solutions
- Excellent written and verbal communication skills
- Excellent report writing and note taking skills
- Strong attention to detail and document editing ability
- Excellent organizational skills
- Ability to multi-task and meet deadlines in a fast paced environment

EXPERIENCE, QUALIFICATIONS & EDUCATION

- Engineering degree, or degree in environmental sciences (professional registration preferred)
- 10 years of major mineral development project permitting experience.
- Mining industry experience
- Experience with Indigenous consultation
- Extensive multi-disciplinary consultant management experience

LOCATION

This position will be based in the region of Thunder Bay, Ontario or Oakville, Ontario, with regular travel to Oakville, ON, Thunder Bay or/and Greenstone, ON.
