CONSTRUCTION AGGREGATE MATERIAL COURSE

This is a 10-day introductory course for non-technical individuals that are interested in testing the quality and placement of construction aggregates used on Ministry of Transportation (MTO) highway projects.

THE COURSE:

- Consists of classroom, laboratory, and field training components.
- Personal Protective Equipment (PPE) is provided.
- AETS offers supports* to members of our nine affiliated First Nations

*Support eligibility will be assessed on a case-by-case basis.
