

NOTICE TO MEMBERS: RENT SPACE AT BNA FOR YOUR BUSINESS!

In our goal to continue to provide opportunities for our First Nation entrepreneurs and business owners, BNA is making one of its office spaces in the Sawmill available for rent. BNA will benefit through the generation of additional rental dollars as own-source revenues, which we can then utilize to further develop our new community.

BNA entrepreneurs and business owners interested in the rental of this space can email Jordan Hatton, Director of Economic Development, at jhatton@bnafn.ca. As we currently only have the one office space available, we understand that this will go fast. However, BNA is looking at developing further spaces for rent within the community for our entrepreneurs and will regularly update the membership as we continue this journey.

Miigwetch!
